

Safety Data Sheet

according to JIS Z 7253: 2019

Issue date: 12/10/2013 Version: 2.6 Revision date: 4/2/2025

1. Chemical product and company identification

Substance name : CHALINE RU-911

Recommended use of the chemical and restrictions on use

Recommended use : Glidant

General industrial use Restrictions on use

Company information

Nissin Chemical Industry Co., Ltd.

100-0004 Japan

Shin Otemachi Building, 2-2-1 Otemachi, Chiyoda-ku, Tokyo

T +81-3-6262-0276 - F +81-3-6262-0277

2. Hazards identification

GHS classification

Physical hazards **Explosives** classification not possible

> Flammable gases No classification

Aerosol classification not possible

Oxidizing gases No classification Gases under pressure No classification

Flammable liquids classification not possible

Flammable solids No classification

Self-reactive substances and

mixtures

No classification Pyrophoric solids

Self-heating substances and

mixtures

classification not possible

classification not possible

classification not possible

in contact with water emit

Substances and mixtures which classification not possible

flammable gases

Pyrophoric liquids

Oxidizing liquids classification not possible

Oxidizing solids No classification

Organic peroxides classification not possible Corrosive to metals classification not possible Desensitized explosives classification not possible

Health hazards Acute toxicity (oral) classification not possible

CHALINE RU-911

Acute toxicity (dermal) classification not possible
Acute toxicity (inhalation:gas) classification not possible
Acute toxicity classification not possible

(inhalation:vapours)

Acute toxicity classification not possible

(inhalation:dust/mist)

Skin corrosion/irritation Category 2
Serious eye damage/eye Category 2A

irritation

Respiratory sensitization classification not possible
Skin sensitization classification not possible
Germ cell mutagenicity classification not possible
Carcinogenicity classification not possible
Reproductive toxicity classification not possible

Specific target organ toxicity

(single exposure)

Category 2

Specific target organ toxicity

(repeated exposure)

Category 2

Aspiration hazard

Hazardous to the aquatic class environment, short-term

(acute)

classification not possible classification not possible

Hazardous to the aquatic

environment, long-term

(chronic)

classification not possible

Hazardous to the ozone layer

classification not possible

Hazard pictograms

Environmental

hazards

GHS Signal word : Warning

Hazard statements : Causes skin irritation. (H315)

Causes serious eye irritation. (H319) May cause damage to organs. (H371)

May cause damage to organs through prolonged or repeated

exposure. (H373)

Precautionary statements

Prevention : Do not breathe dust, fume, gas, mist, vapours, spray. (P260)

Wash hands, forearms and face thoroughly after handling. (P264)

Do not eat, drink or smoke when using this product. (P270) Wear protective gloves, protective clothing, eye protection, face

protection. (P280)

Response : IF ON SKIN: Wash with plenty of soap and water. (P302+P352)

If in eyes: Rinse cautiously with water for several minutes. Remove

contact lenses, if present and easy to do. Continue rinsing.

(P305+P351+P338)

IF exposed or concerned: Call a doctor. (P308+P311) Get medical advice/attention if you feel unwell. (P314)

Specific treatment (P321)

If skin irritation occurs: Get medical advice/attention. (P332+P313)

If eye irritation persists: Get medical advice/attention.

(P337+P313)

Take off contaminated clothing and wash it before reuse.

(P362+P364)

Storage : Store locked up. (P405)

Disposal : Dispose of contents/container in accordance with

local/regional/national/international regulations. (P501)

3. Composition/information on ingredients

Distinction of substance or : Mixture

mixture

Generic name : Colloidal dispersion of Silicone-Acrylate based copolymer/Urethane

Name	Concentration (%)	Reference number in the gazette list		CAS-No.
		CSCL No	ISHL No	
Silicone-Acrylate based copolymer	1 – 10	Undisclosed	Undisclosed	Undisclosed
Urethane resin	30 - 40	Undisclosed	Undisclosed	Undisclosed
Ethanamine, N,N-diethyl-	1.1	(2)-141	Existing Chemical Substance	121-44-8
Cyclotetrasiloxane, octamethyl-	< 0.3	(7)-475	Existing Chemical Substance	556-67-2
Cyclopentasiloxane, decamethyl-	< 0.3	(7)-475	Existing Chemical Substance	541-02-6

Water	45 - 70	-	-	7732-18-5

4. First aid measures

First aid measures

First-aid measures general

: Get medical advice/attention if you feel unwell.

First-aid measures after inhalation

: Remove the sufferers to fresh air places and keep themselves rest in an easy-to- breath position. Get medical advices immediately. If breathing has stopped or is labored, give artificial respiration.

First-aid measures after skin contact

: Take off contaminated clothes, shoes and socks. And wash sticking parts off with soap and plenty of water. If the external changes are observed or the symptoms such as irritation or itchy appears, get medical advices immediately.

First-aid measures after eye contact

Rinse immediately inner side of eyelid with plenty of water more than 20 minutes. Remove the contact lenses if possible. Get

medical advices.

First-aid measures after ingestion

Rinse mouth thoroughly with water and get medical attention

immediately.

Never give anything through mouth to an unconscious person.

5. Fire fighting measures

Suitable extinguishing media

Water and alkali salt, Fire foam, Water, Dry chemical

Unsuitable extinguishing

media

Nothing in particular

Fire hazard

Fire hazard

: This product itself is not a flammable compound. But dry film after

evaporating water is flammable.

Hazardous decomposition products in case of fire

: The hazardous gasses such as carbon mono- and di-oxide and aldehyde group are generated at the Product's combustion.

Firefighting instructions

Firefighting instructions

: Cut off ignition sources to a fire origin and fight a fire employing a

suitable fire extinguishing agent.

Cool by water spray around the fire site to prevent the fire

extension.

Personal protection (Emergency response)

response)

Personal protection (Emergency : Fight a fire from the windward and wear a self-contained

breathing apparatus according to circumstances.

Other information

: One of the general procedures for chemical fires may be applied.

Use appropriate extinguishing measures considering the local circumstances and environments. Never inhale such smoke, etc. as are generated at fire and/or explosion. Use water spray to cool unopened containers. Recover the water contaminated with fire extinguishing agents separately. Never discharge this water into drains. Fire residues and contaminated fire extinguishing water must be disposed of complying with local regulations.

6. Accidental release measures

Personal Precautions, Protective Equipment and Emergency Procedures

General measures : Wear a self-contained breathing apparatus and suitable chemical

protective clothes and tools, and work from windward.

For emergency responders

Protective equipment : Wear suitable protective tools such as goggles, boots, gloves,

body suits and a self-contained breathing apparatus according to

circumstances to avoid inhalation of and direct contact with

materials in question.

Emergency procedures : Clear off all of ignition sources immediately.

Work from windward.

Stop release.

Environmental precautions

Environmental precautions : Recover immediately and prevent spreading.

Methods and Equipment for Containment and Cleaning up

For containment : When the releasing materials are large, prevent spreading by

cover with banking and the like and vacuum and recover with a

pump,etc.

When the releasing materials are small, recover as mortar after

mix with perlite, dirt, sawdust and/or the like.

Methods for cleaning up : Clean up the surroundings of the releasing area with water after

recovery and recover the contaminated water as well.

Prevention Measures for

Secondary Accidents

: If the products spill into rivers, lakes or marshes, inform to the fire stations, authorities relating environment disruption, River Bureau,

Water Supply Bureau, etc. of local governments, if necessary.

Other information : Take care of slip as released area becomes easy to slip.

7. Handling and storage

Handling

		_
Technical measures	:	As polyvalent metal ions such as iron, copper, zinc, aluminum, etc. may cause collering, gelling, etc, pay care and attention for choice of storage installations, pipework, blenders and the like.
Precautions for safe handling		Wear suitable personal protecting tools such as protecting gloves, protecting glasses, etc. according to circumstances to avoid to contact with skin or eye(s).
		See section 8 for personal protection. Never inhale vapours or spray mist. Avoid contact with skin and eyes. Use appropriate containers to avoid environmental contamination.
Prevents handling of incompatible substances or mixtures	:	No information.
Hygiene measures	:	Wash hands at the end of each work shift before eating, smoking or using the toilet.
		Never eat, drink nor smoke during work.
Local and general ventilation	i	In case of the work with generation of spray mist or vapor, install local air exhausters.
Storage		
Storage conditions	:	Storage temperature must be kept not less than 5°C and never exceed 35°C.
		Store indoor, preventing from sunlight and freezing.
		Avoid dust, water, etc. coming into opened containers in use.
Material used in packaging/containers	:	Use the containers having water resistance and durability, and avoid from contact with metals as possible.
Technical measures	:	Keep containers stoppled tightly after use to prevent forming film.
Incompatible materials	:	Strong oxidizers. Reactive metals. (sodium,calcium, zinc, etc.).

8. Exposure controls / Personal protection equipment

Ethanamine, N,N-diethyl- (121-44-8)				
USA - ACGIH - Occupational Exposure Limits				
ACGIH OEL TWA	0.5 ppm			
ACGIH OEL STEL	1 ppm			
ACGIH chemical category	Skin - potential significant contribution to overall exposure by the cutaneous route, Not Classifiable as a Human Carcinogen			
Japan - Occupational Exposure Limits				
Exposure limits (ACGIH)	TWA (1 ppm),STEL (3 ppm) (Skin)			

Dehydrating agent.

Appropriate engineering controls : Install sealing equipments or local exhaust equipments at indoor work, Express the place clearly where safety shower(s) and hand and eye washer(s) are equipped.

Protective equipment

Respiratory protection : Use respirators for filtering air etc. to avoid inhalation.

Hand protection : Wear protective gloves. (Neoprene Nitrile rubber)

Eye protection : goggles style protective glasses

Skin and body protection : Protective clothes(long sleeve clothes).

9. Physical and chemical properties

Physical state : Liquid
Colour : milky

Odour : characteristic odor

pH : 6 - 9

Melting point : No data available Freezing point : No data available

Boiling point : $\approx 100 \, ^{\circ}\text{C}$ Flash point : nothing

Auto-ignition temperature : No data available
Decomposition temperature : No data available
Flammability : No data available
Vapour pressure : No data available
Relative vapour density at : No data available

20°C

Relative density : ≈ 1.1

Density : No data available
Relative gas density : No data available
Solubility : Miscible with water
Partition coefficient n- : No data available

octanol/water (Log Pow)

Explosive limits (vol %) : No data available Explosive limits (g/m³) : No data available Viscosity, kinematic : No data available Minimum ignition energy : No data available Particle size : No data available

10. Stability and reactivity

Reactivity : No reactivity with water

Chemical stability : Stable under normal conditions.

Possibility of hazardous

reactions

: No information

Conditions to avoid : No information Incompatible materials : No information Hazardous decomposition : No information

products

11. Toxicological information

Acute toxicity (oral) : (as a product) No data available

Acute toxicity (dermal) : (as a product) No data available

Acute toxicity (gas) - : (as a product) No data available

Description

Acute toxicity (vapour) -

(as a product)

No data available

Description

Acute toxicity (dust, mist) -

: (as a product)

No data available

Description

Acute toxicity (mist) -

(as a product)

No data available

Description

Skin corrosion/irritation : (as a product)

There are no available data about this products. There contain skin irritating materials belonging to the following

Category.Category 1: Triethylamine (1.1%)
Concentration limits of Category 1 is ≥5%.
Concentration limits of Category 2 is <5%, ≥
1%.So, this product is correspond to Skin
corrosion / irritation Category 2 of GHS.

Serious eye damage/irritation : (as a product)

There are no available data about this product.

There contain eye irritating materials

belonging to the following Category. Category 1: Triethylamine(1.1%) Concentration limits of Category 1 is \geq 3%. Concentration limits of Category 2 is <3% \geq 1%.So this product is correspond to Serious eye damage/eye

irritation Category 2A of GHS.

Respiratory sensitization : (as a product) No data available
Skin sensitization : (as a product) No data available

Germ cell mutagenicity : (as a product) No data available
Carcinogenicity : (as a product) No data available
Reproductive toxicity : (as a product) No data available

CHALINE RU-911

STOT-single exposure : (as a product) There are no available data about this product.

There contain Specific target organ toxicity (single exposure) materials belonging to the

following Category. Category 1:

Triethylamine(1.1%) Concentration limits of Category 1 is ≥10%. and Concentration limits of Category 2 is 1.0%≤Concentration of Category 1 <10%. So, this product is correspond to Specific target organ toxicity

(single exposure) Category 2.

STOT-repeated exposure : (as a product) There are no available data about this product.

There contain Specific target organ toxicity (repeated exposure) materials belonging to the

following Category. Category 1:

Triethylamine(1.1%) Concentration limits of Category 1 is ≥10%.But Concentration limits of Category 2 is 1.0%≤Concentration of Category 1 <10%.So, this product is correspond to Specific target organ toxicity (repeated exposure) Category 2 of GHS.

Aspiration hazard : (as a product) No data available

12. Ecological information

Ecotoxicity

Ecotoxicity : (as a product) No data available
Hazardous to the aquatic : (as a product) No data available

environment, short-term

(acute)

Hazardous to the aquatic : (as a product) No data available

environment, long-term

(chronic)

nt. lona-term

Persistence and degradability

Persistence and degradability : (as a product) No data available

Biochemical oxygen demand : (as a product) No data available

(BOD)

Chemical oxygen demand : (as a product) No data available

(COD)

Bioaccumulative potential

Bioaccumulative potential : (as a product) No data available

Partition coefficient n- : (as a product) No data available

octanol/water (Log Pow)

Mobility in soil

Mobility in soil : (as a product) No data available

Partition coefficient n- : (as a product) No data available

octanol/water (Log Pow)

Ecology - soil : (as a product) No data available

Hazardous to the ozone layer

Ozone : (as a product) No data available

Other adverse effects : No additional information available

13. Disposal considerations

Ecological waste information : At disposal of wastes, comply with the Waste Management and

Public Cleansing Law.

Farm out to professional disposal treating traders in compliance with requirements of the nation and local

governments.

Contaminated container and

packaging

: Farm out dispose of the contents and packing materials to professional disposal treating traders in compliance with

requirements of the nation and local governments.

In case of disposal of empty container, dispose after complete

removal in the container.

14. Transport information

International Regulations

Transport by sea(IMDG)

UN-No. (IMDG) : Not applicable
Proper Shipping Name (IMDG) Not applicable
Packing group (IMDG) : Not applicable
Transport hazard class(es) : Not applicable

(IMDG)

Air transport(IATA)

UN-No. (IATA) : Not applicable
Proper Shipping Name (IATA) : Not applicable
Packing group (IATA) : Not applicable

Transport hazard class(es)

: Not applicable

(IATA)

Regulations in Japan

Other information : At transportation, make sure of no leakage of packings, load

the products without broken bags, falling, injury, etc, and

prevent load

collapses surely, See "7 Handling and storage"

15. Regulatory information

REACH SVHC : Contains a substance on the REACH candidate list in

concentration ≥ 0.1%: Cyclotetrasiloxane, octamethyl- (EC 209-136-7, CAS 556-67-2), Decamethylcyclopentasiloxane

(CAS 541-02-6)

16. Other information

Data sources : Ref. 1."Safety Data Sheet" by Raw Material Manufacturers.

2.GHS Sixth Revised Edition. 3.NITE GHS Results of the

Classification.

Other information : The Products was developed for general industries' use. When

applying to specific uses, it is hoped to confirm its safety by yourselves prior to the use. Prior to use or handle of this products, keep all people who handle this product informed of the information of this SDS and other information concerning safety and disasters. The description of this SDS is based upon materials, information and data which can be procured at present. However, we do not warrant any guarantee regarding

the contents, physical and chemical properties, hazards and

the like.

DISCLAIMER OF LIABILITY The information in this SDS was obtained from sources which we believe are reliable. However, the information is provided without any warranty, express or implied, regarding its correctness. The conditions or methods of handling, storage, use or disposal of the product are beyond our control and may be beyond our knowledge. For this and other reasons, we do not assume responsibility and expressly disclaim liability for loss, damage or expense arising out of or in any way connected with the handling, storage, use or disposal of the product. This SDS was prepared and is to be used only for this product. If the product is used as a component in another product, this SDS information may not be applicable
